# Introducing the PAL Mobile App

PAL will be launching our very first FREE mobile app to keep our parents up to date on important center notifications, including early closings and special events.

PAL will be moving away from our phone notification system; therefore, it is very important that all PAL parents download the PAL App from their Google Play or Apple App store. Our new app will be the best way to get updates about what is happening at your PAL center.

You will need to use your email and create a password to use the APP but please note that PAL staff DOES NOT have access to either of these pieces of information once you enter them.  You will also not need them once you select a center and say "yes" when the app asks if it can notify you.

Once you have downloaded the app:

1. Go to **"REGISTER"**
2. Enter you Email Address
3. Enter a password
4. Select your PAL Center
5. Click **Register**
6. Say "**YES**" when asked if PAL can send you notifications

It's that simple!

If you have any questions about the app you can speak to your Center Director or call 1-800-PAL-4-kids, option 3.
